

Executive summary of NHS Lothian Diabetes Modules (An A-Z of NHS Lothian Diabetes Care)

Published on [Working with the NHS \(astrazeneca.co.uk\)](https://www.astrazeneca.co.uk)

Project title	NHS Lothian Diabetes Modules (An A-Z of NHS Lothian Diabetes Care)
Duration	11 October 2021 – 31 December 2021
Project partners	AstraZeneca UK Ltd and NHS Lothian
What was the issue to be addressed?	To co-produce 12 video modules of 15 minutes length each on the management of diabetes that will be certified by AstraZeneca before being hosted on the AstraZeneca platform InterACT, and the NHS Lothian Vimeo (or similar streaming site) for the continuing professional education of nurses and allied health professionals to access and demonstrate competency. The latter videos (on NHS Lothian site) will have the option of having a certificate of attendance that will be assessed and delivered by NHS Lothian, independent of AstraZeneca
What were the results?	Co-production of a series of 12 online diabetes educational video modules accessed & viewed 2274 times by a broad range of health care professionals involved in the care of individuals with diabetes across NHS Lothian.
