

A DECLARATION OF JOINT WORKING BETWEEN NHS LINCOLNSHIRE CCG AND ASTRAZENECA UK LTD

NHS Lincolnshire CCG and AstraZeneca Ltd are engaged in a Joint Working Project entitled, “Integrated Multidisciplinary Team approach for management of HF patients utilising a digital platform (vMDT)”.

The aim and objectives of this project are:

- Support redesign of patient flow through community and secondary care heart failure services
- Implement vMDT service in SW Lincolnshire locality
- Allow patient access to specialist services closer to home
- Reduction in long waiting times to be seen by a ‘specialist’
- Drive improvement of understanding within primary care to effectively manage HF patients. Education support for multiple stakeholders within primary care
- Opportunity to provide access for approx. 360 pts over 6 months via vMDT clinics. Weekly vMDT (15 patients per week)

The project will run from March 2022 – September 2022. Both parties have contributed resources to the initiative.
