

EXECUTIVE SUMMARY INPUT

BETWEEN

AstraZeneca UK Ltd

AND

Bordsley East PCN

Boardsley East PCN and AstraZeneca UK Ltd are engaged in a Joint Working Project called 'Cardio Renal Joint Working'.

This project will run from 23<sup>rd</sup> of September 2022 and ending 1<sup>st</sup> of March 2023 and both parties have contributed resources for this initiative.

The aims of this joint working project are to:

- Increase PCN clinical capacity to review the backlog of Cardio, Renal and Metabolic (CVRM) patients caused by COVID-19. The new clinics will be in-addition to the existing clinics normally provided by the GP Practices within the PCN, and won't seek to replace existing clinics made available to patients.
- Reduce long waiting times to be seen by a 'specialist'
- Drive improvement of understanding within primary care to effectively manage CVRM patients.
- Support education for multiple stakeholders within primary care
