Project title	Cardio Renal Clinic Joint Working Project
Duration	September 2022 to January 2023
Project partners	Meridian Primary Care Network and AstraZeneca UK Limited
What was the issue to be addressed?	Increase PCN clinical capacity to review the backlog of Cardio, Renal and Metabolic (CVRM) patients caused by COVID-19. The new clinics will be in-addition to the existing clinics normally provided by the GP Practices within the PCN and won't seek to replace existing clinics made available to patients. Reduction in long waiting times to be seen by a 'specialist' Drive improvement of understanding within primary care to effectively manage CVRM patients. Education support for multiple stakeholders within primary care.
What were the results?	The output of this project was 171 patients were triaged for review and 104 patients were seen in consultation clinics over 10 weeks
